

Nudge Global Impact Challenge

15-17 October 2018

Leadership, Sustainability, Impact

Apply before 1 July 2018

What?

An annual 8-month personal development programme for 90 international young professionals about leadership, sustainability and impact, including a three-day life-changing learning experience in The Netherlands (15-17 October 2018).

Why?

To solve our global sustainability challenges, we need to equip our future leaders with the necessary skills and knowledge to bring about true, sustainable change.

Who?

Young professionals aged between 23-33 who have at least a bachelor's degree or equivalent, a clear affinity for sustainability, are fluent in English (verbal and written), and eager to make impact.

Company candidate vs. Wild card candidate

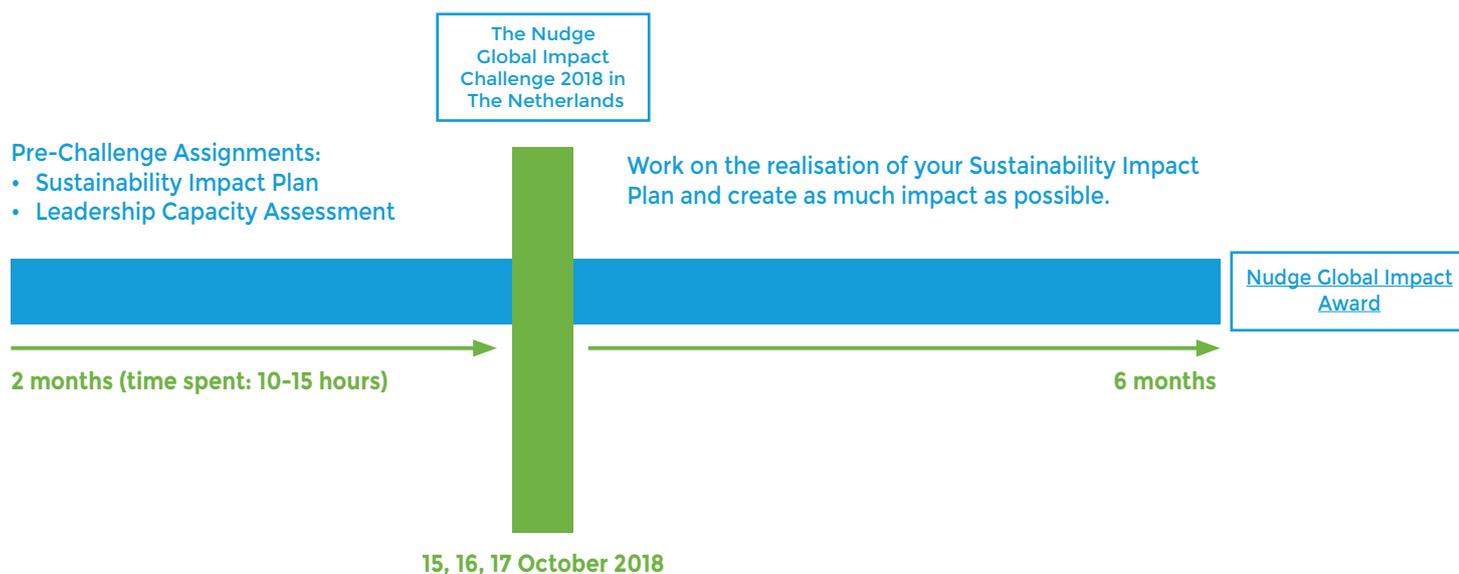

Company candidates are working for an organisation that allows them to take part in the Challenge and agrees to pay for their participation. The participation fee (EUR 3.300), accommodation costs (EUR 500 for two hotel nights, food and drinks during the three-day learning experience) and your travel expenses are all covered by your company.

Wild card candidates enter a selection process and if you win a wild card, your participation fee (EUR 3.300) is sponsored by one of our partners. The accommodation costs (EUR 500 for two hotel nights, food and drinks during the three-day learning experience) and travel expenses will be on your own account.

This year's theme

Towards a Circular Economy. Gearing up young leaders for new perspectives on leadership, culture and technology.
